Virginia State Parks provide "A Natural Legacy" of outdoor activities and programs. They are an important part of DCR's efforts to promote a strong conservation ethic. These efforts ensure that the best of Virginia's natural resources will be protected and available for future generations.

Welcome to Raymond R. "Andy" Guest Jr. Shenandoah River State Park, one of Virginia's newest State Parks. The land for this park was purchased with funds from the 1992 General Obligation Bond. Located four miles down river from Bentonville, the park boasts six miles of river frontage and 1,604 acres of rolling pastures, quiet forest, beautiful vistas.

A large riverside picnic area with shelters, trails, and river access make this a popular destination for families, anglers and canoeists alike. Ten primitive and canoe-in "minimal impact" campsites ranging from individual to group size are available through reservation. All facilities are universally accessible.
